

Message from Kelvedon and Feering Health Centre and Dickens Place Surgery – 7 April 2020

Surgery Opening Dates and Times over Easter

The surgery will be open Good Friday 10 April and Easter Monday 13 April from 08.30 – 18.30 both days.

Appointments will still be done over the telephone but we won't be holding any clinics i.e. bloods, vaccinations etc.

Please note: To cope with the extra demand of the telephone system we recently added a mobile number 07591 378 705 which can be used to contact the surgery.

Please note that as we receive further updates and guidance on Coronavirus from NHS England and other organisations, we will continue to share these with you. To help us reach as many people in the community as we can with up to date and consistent messaging, we are sharing updates through various channels e.g.: KFHC website, Feering and Kelvedon Parish Councils, Village Facebook pages via the Parish Councils, local community groups and organisations. Messages will be date stamped, so that you can track updates.
